

## Log Cabins

Simply add the price of the outside area you want your building to measure from the list below, then add on the cost of the quantity of doors and windows you would like to get your total cost. This includes your floor and felt shingles available in three colours for your roof.

| Building Shell Cost 32mm thick walls |        |       |
|--------------------------------------|--------|-------|
| 1.8 x 1.8m                           | LC66   | £798  |
| 2.4 x 1.8m                           | LC86   | £940  |
| 2.4 x 2.4m                           | LC88   | £999  |
| 2.4 x 3.0m                           | LC810  | £1080 |
| 3.0 x 3.0m                           | LC1010 | £1310 |
| 3.0 x 3.6m                           | LC1012 | £1425 |
| 3.6 x 3.6m                           | LC1212 | £1585 |
| Building Shell Cost 44mm thick walls |        |       |
| 3.6 x 4.2m                           | LC1214 | £1935 |
| 4.2 x 4.2m                           | LC1414 | £2095 |

Other sizes can be priced on request

| Windows & Doors                            |         |                  |
